REPAIR ORDER ENTRY ENHANCEMENTS

The Repair Sheet will now be attached to your Order Confirmation email providing easy access to the information you need.

MULTI-PART REPAIR ORDERING- COMING SOON

A new solution has been created to streamline the order entry of multiple line repair orders.

You can use the new template to quickly enter your repair order information, eliminating numerous steps from the order entry process.

BATCH SEARCH - REPAIR

Tip: You can Copy & Paste (Using Ctrl + V) directly from Microsoft Excel of other spreadsheet software.
